**TDI CHIEF EXECUTIVE OFFICER DONALD JESSOME'S STATEMENT ON
RIVERKEEPER AND THE NATIONAL RESOURCES DEFENSE COUNCIL REPORT**

Transmission Developers Inc. (TDI) Chief Executive Officer Donald Jessome issued the following statement today:

“We are pleased that Riverkeeper and the National Resources Defense Council issued a report finding the proposed Champlain Hudson Power Express to play an important role in achieving the Governor's ambitious renewable energy goals.

“Transmission Developers Inc. looks forward to working with all stakeholders to further the development of this fully permitted 1,000 MW project to deliver clean, low cost electricity generated from renewable resources to southeastern New York.”
