Three Empire State Plaza  
Albany, NY 12223-1350

**Re: Case 10-T-0139: Application of Champlain Hudson Power Express, Inc. for a Certificate of Environmental Compatibility and Public Need Pursuant to Article VII of the PSL for the Construction, Operation and Maintenance of a High Voltage Direct Current Circuit from the Canadian Border to New York City**

Dear Secretary Phillips:

Enclosed please find a Petition by CHPE, LLC and CHPE Properties, Inc. (together "CHPE" or the "Certificate Holders") seeking amendment of CHPE's April 18, 2013 Certificate of Environmental Compatibility and Public Need ("Certificate"), issued pursuant to Article VII of the Public Service Law ("PSL") by the New York State Public Service Commission (the "Commission") for the Champlain Hudson Power Express Project (the "Project"). This amendment seeks to modify the text of Certificate Condition 114 to better align with Article VII Certificates issued by the Commission since 2013, and to better facilitate avoidance and minimization of impacts to wetlands and waterbodies during construction of the Project by permitting limited refueling of HDD equipment in place in certain locations.

Please feel free to reach out to my office with any questions regarding this filing.

Sincerely,

/s/ **Laura Bomyea Darling**
