

Notice of Change to Segment 9 EM&CP **For the Champlain Hudson Power Express Line**

Dear Stakeholder,

On or about June 25, 2024, CHPE LLC and CHPE Properties, Inc. (collectively referred to as “CHPE”) will submit a proposed major change to the approved Environmental Management & Construction Plan (“EM&CP”) for Segment 9 of the Champlain Hudson Power Express (“CHPE”) Project. The Segment 8 and 9 EM&CP was previously approved by the New York State Public Service Commission (“PSC”) on June 22, 2023. Segment 9 includes installation of approximately 5.31 miles of buried overland cable in the Town of Bethlehem. This proposed change involves the extension of a horizontal directional drill (HDD) in the Town of Bethlehem (Albany County) on property owned by a private landowner. While the proposed change results in an overall decrease in environmental impacts from construction of the Facility, it requires PSC approval because portions of the CHPE alignment will shift outside of the previously approved Allowed Deviation Zone by approximately 22 feet.

The PSC issued a Certificate of Environmental Compatibility and Public Need (“Certificate”) to CHPE on April 18, 2013 to construct and operate the CHPE Project. Pursuant to that Certificate, CHPE is required to circulate notices to certain landowners, utility owners, municipalities and agencies near the proposed Segment’s construction activities when it proposes to make a change to the Facility route approved in an EM&CP. This notice provides links and contact information which stakeholders can use to obtain further information or to submit comments on the proposed change. The EM&CP change must be reviewed and approved by the PSC before construction on the areas subject to this change can begin.

An overview map showing the proposed EM&CP change accompanies this notice. Further details of the planned work locations will be made available on the Project website at: <https://chpexpress.com/overview-of-public-documents/environmental-management-construction-plan/>. Construction activities for this Segment are currently under way. Construction within Segment 9 will generally occur during daytime hours Monday through Saturday to minimize impacts, though some select activities may occur at night, on Sundays or state or federal holidays where necessary for safety, continuous operation requirements or for other limited circumstances.

Contact Information and Document Repositories

Paper copies of the EM&CP are available for viewing at the following local document repositories: Bethlehem Public Library, 451 Delaware Avenue, Delmar, NY 12054.

Filing Comments

Any person wishing to be heard by the Commission on any matter related to the proposed EM&CP change may file written comments with the Commission Secretary by email at secretary@dps.ny.gov or by mail to Michelle Phillips, Secretary, NYS Public Service Commission, 3 Empire State Plaza, Albany, NY 12223, within 21 days of this notice. All comments should reference Case Number 10-T-0139.

Yours truly,

Josh Bagnato
Vice President, Development
