**Re: Case 10-T-0139: Application of Champlain Hudson Power Express**

Dear Secretary Phillips:

On March 27, 2023, CHPE LLC and CHPE Properties, Inc. (together "CHPE" or the "Certificate Holders") submitted the Environmental Management and Construction Plan (EM&CP) for Segment 11 of the electric transmission project known as Champlain Hudson Power Express (the "Project") in accordance with the requirements of CHPE's April 18, 2013 Certificate of Environmental Compatibility and Public Need ("Certificate"), issued pursuant to Article VII of the Public Service Law ("PSL") by the New York State Public Service Commission (the "Commission"). The Segment 11 EM&CP includes installation of approximately 8.6 miles of buried overland cable running from the Town of Catskill through the Village of Catskill (Greene County) primarily along railroad rights-of-way. This EM&CP includes one preferred alternative to the existing Project route involving an approximately 0.8-mile portion of the line crossing under Catskill Creek, which occurs approximately 860 feet west of the approved route at its farthest point, within existing public highway rights-of-way. To the extent that use of this preferred alternative requires an Amendment to the Certificate, the Certificate Holders have included a Petition to Amend with this submission.

Enclosed please find three additional documents filed in connection with the Segment 11 EM&CP: the EM&CP Narrative, Appendix E (Justification for Deviation Zone Excursions), and a Petition for Amendment of the Certificate, with attachments, related to the Catskill Reroute.

Please feel free to reach out to my office with any questions regarding this filing.

Sincerely,  
/s/ **Laura Bomyea Darling**
