Re: Case 10-T-0139: Application of Champlain Hudson Power Express, Inc. for a

Certificate of Environmental Compatibility and Public Need Pursuant to Article VII of the PSL for the Construction, Operation and Maintenance of a High Voltage Direct Current

Circuit from the Canadian Border to New York City

Dear Secretary Phillips:

Environmental Management and Construction Plan ("EM&CP") for the electric transmission project known as the Champlain Hudson Power Express Project (the "Project"). This EM&CP, and related written notices, were submitted by Champlain Hudson Power Express, Inc. and CHPE Properties, Inc. (together "CHPE" or the "Certificate Holders") on September 29, 2022 in accordance with the requirements of CHPE's April 18, 2013 Certificate of Environmental Compatibility and Public Need ("Certificate"), issued pursuant to Article VII of the Public Service Law ("PSL") by the New York State Public Service Commission (the "Commission").

The enclosed proofs of service fall into two categories: proofs of service and publication for written Notices required under the Certificate, and proofs of service for the EM&CP documents. Specifically:

- Attachment A contains Affidavits of Publication showing that the "Notice of Submission of Environmental Management and Construction Plan for Champlain Hudson Power Express" was published in accordance with Certificate Conditions 152 and 155 in a daily newspaper of general circulation in the Town of Stony Point (where this Segment is located), the *Journal News* on September 27, 2022 and the *Rockland County Times*, on September 29, 2022.
- Attachment B contains proof that written Notices were mailed to "residents, businesses, and building, structure, and facility owners and, to the extent known, operators of the same when such land uses are located within one hundred (100) feet of the HDD staging areas, off-ROW construction access roads, and the overland

components of the Facility" (if any) as required by Certificate Condition 153, as well as to the holders of recorded interests in property to be acquired or significantly disturbed by construction, as required by Certificate Conditions 143 and 155(a)(3). This proof also shows that the notice was provided to the relevant railroads enumerated in Certificate Condition 152.

- Attachment C contains proof that paper and/or USB copies of the EM&CP documents were served on the DPS and other agencies and entities enumerated in Certificate Condition 151, including local document repositories in the Segment area (consisting of the Town Hall and local libraries, as outlined on the attached Service List) for public inspection.
- Attachment D contains proof that electronic copies of the EM&CP were served on parties to this proceeding via electronic submission, consistent with the requirements of Certificate Condition 151. These documents were also filed with the Secretary for posting to DMM.
- Attachment E contains proof that the Written Notice and all EM&CP documents were posted to the Project Website at https://chpexpress.com/overview-of-public-documents/environmental-management-construction-plan/, as outlined in the Notices and required by Certificate Condition 151.

Please feel free to reach out to my office with any questions regarding this filing.

Sincerely,

/s/ Laura Bomyea Darling

NOTICE OF SUBMISSION OF ENVIRONMENTAL MANAGEMENT AND CONSTRUCTION PLAN FOR CHAMPLAIN HUDSON POWER EXPRESS

On or about September 23, 2022, CHPE LLC and its wholly-owned subsidiary, CHPE Properties, Inc. (collectively referred to as "CHPE") intend to submit an Environmental Management & Construction Plan ("EM&CP") for the Stony Point Transitional Horizontal Directional Drill ("HDD") portion of the proposed Champlain Hudson Power Express ("CHPE") Project. The Stony Point Transitional HDD consists of a transitional horizontal directional drill in the Town of Stony Point, Rockland County, which will connect an overland segment of the CHPE line (Stony Point to Haverstraw Overland Segment 12) with the Lower Hudson River Marine Segment (Segment 20), and the installation of conduits in this location. This EM&CP also includes a temporary laydown yard at Tomkins Cove, also in the Town of Stony Point.

On April 18, 2013, the NYS Public Service Commission (Commission) issued to CHPE a certificate of environmental compatibility and public need (Certificate), pursuant to Article VII of the Public Service Law (PSL), to construct and operate the CHPE Project. The Certificate requires that, prior to construction of any portion of the Project, CHPE submit an EM&CP for review and comment.

Details of the planned work locations, including an overview map of the proposed route, is available on the Project website at: https://chpexpress.com/overview-of-public-documents/environmental-management-construction-plan/. In general, construction activities for this Segment are anticipated to commence in the winter of 2023. Where possible, construction will generally occur during daylight hours, though some HDD activities which require continuous operations would extend to later hours.

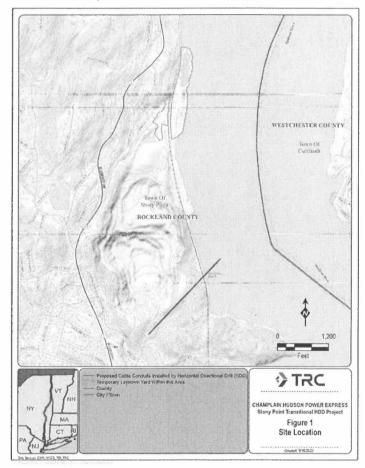

The EM&CP provides detailed information regarding how the Stony Point Transitional HDD will be constructed. The document describes and depicts the specific location of the Stony Point Transitional HDD, Construction Zone, and temporary work areas, as well as descriptions of work to be performed, plan and profile drawings depicting the Project, and protocols to be used during construction to protect the community and the environment, and to comply with the CHPE Certificate. The EM&CP must be reviewed and approved by the PSC before construction on this Segment can begin.

The full Commission docket for the Project can be accessed via the Commission's website at: http://documents.dps.ny.gov/public/MatterManagement/CaseMaster.aspx?MatterCaseNo=10-T-0139 and electronic copies of EM&CP documents also will be available on the Project website at https://chpexpress.com/overview-of-public-documents/environmental-management-construction-plan/. Paper copies of the EM&CP submission will be available for viewing at the

following local document repositories: Rose Memorial Library Association, 79 East Main St., Stony Point, NY 10980; Tomkins Cove Public Library, 419 Liberty Drive North, Tomkins Cove, NY 10986.

Comments related to the proposed Stony Point Transitional HDD EM&CP should be submitted to the Commission Secretary by email at secretary@dps.ny.gov or by mail to Michelle Phillips, Secretary, NYS Public Service Commission, 3 Empire State Plaza, Albany, NY, 12223, within 30 days of the EM&CP segment's filing with the Commission. All comments should reference Case Number 10-T-0139.

CHPE has established a toll-free number for questions regarding the Project: 1-800-991-CHPE (2473). Questions or requests for further information can be directed to: publicoutreach@chpexpress.com or by mail to Molly Hollister, WSP USA, One Pennsylvania Plaza, New York, New York 10119.

THE COUNTY **EXECUTIVE'S CORNER**

"Preserving Rockland"

By County Executive Ed Day

I am pleased to announce that Rockland County is now ranked #15 of all local governments nationwide, for our utilization of 100% wind electricity. The list by the Environmental Protection Agency (EPA) recognizes municipalities purchasing clean, renewable energy.

In Fall of 2020, Purchasing Director Paul Brennan and myself revealed that the County of Rockland, the Rockland County Sewer District No. 1, Rockland Community College, and Rockland Green have been awarded a contract to provide 100% green/renewable wind electricity to each agency over the next three years.

In total, savings are projected at \$600,000 for the agencies, over the three-year term of the contract. But we didn't just make this move to save taxpayer dollars, we also did this to protect the environment for generations

This administration is committed to preserving the beauty of this County long after our time has passed.

To achieve this, we have been moving forward with the Open Space Acquisition program which we funded through last year's budget process. Under this program we are pursuing the purchase of 6 new parkland properties totaling just over 37 acres that would be preserved.

Additionally, we are working hard to distribute every single penny of the \$63 million in federal funding we received under the American Rescue Plan. On top of grants dispersed to small businesses and restaurants, we are also on track to award close to \$10 million to municipalities and non-profits for green spaces.

The County of Rockland is also continuing efforts to bring this county infrastructure into this century.

In August, County Executive Day and the Division of Environmental Resources launched Rockland's Sustainability Project involving nearly 20 County Departments, led by the well-known environmental and planning consulting firm Barton and Loguidice.

The project will generate a long-term plan to support, focus, and improve the County's efforts in the New York State Climate Smart Communities (CSC) and Clean Energy Communities (CEC) programs. The plan will help maximize available grant funding and guide Rockland towards a green and sustainable future as efficiently as possible.

West Nyack resident featured in Discovery Orchestra's post pandemic revival

The Discovery Orchestra returned to the concert stage last Sunday with an exploration of French composer Camille Saint-Saëns' masterwork Symphony No. 3 in C Minor (the "Organ" Symphony). After a lengthy hiatus brought on by the pandemic , the Emmy Award-nominated, Summit, New Jersey-based orchestra, led by Founder and Artistic Director George Marriner Maull, taped its sixth national public television special at the Hauser Auditorium at The Pingry School in Basking Ridge, New Jersey. The special, Discover Saint-Saëns' "Organ" Symphony, features a 90-piece orchestra and is projected to begin a threeyear national distribution by American Public Television in May. Comprised of a diverse roster of virtuoso musicians, including Juilliard trained violinist Peter Winograd of West Nyack, The Discovery Orchestra has introduced millions around the world to classical music through interactive performances, dubbed Discovery Concerts.

In their new one-hour special led by Maull, a Bedminster resident, and featuring Winograd as concertmaster (or lead Violinist), The Discovery Orchestra shares an interactive exploration of Finale of Symphony No. 3. The piece was musically adapted for use in the score for the 1995 family film Babe and its 1998 sequel Babe: Pig in the City. Composed in 1886 and premiered the same year in London, the majestic "Organ" Symphony was such an overwhelming success that Saint-Saëns was quoted as saying, "I gave everything to it I was able to give. What I have here accomplished, I will never achieve again."

The live taping saw Maestro Maull engage and inform the audience members of the intricacies of the piece, including different musical themes, developments of these themes and transitions of the piece.

"The Saint-Saëns Symphony No. 3 Finale is one of the most uplifting compositions ever written by any composer, and we aim to transport audiences into the heart of this piece for a powerful boost to everyone navigating these most difficult times," said Maull of the special.

Attendees include members of several groups, like the Rhythms for Life program of the Morris County (NJ) Chapter of The Links, Newark Boys Chorus School (NBCS), the Gay Activist Alliance of Morris County (GAAMC), DrewUniversity and the Newark School of the Arts. These diverse groups of music lovers were all united in the thunderous applause they showered the Orchestra with following the performance.

"This was an outstanding event, meticulously planned AND executed! Our students and families were thrilled and so very thankful," said NBCS Head of School Paul Chapin. "The Discovery Orchestra is a wonderful organization, and your mission

"In the words of our Program Director, Ramelle Massey, Sunday's event was absolutely fantastic!" said Marjorie Rich of Rhythms of Life. "Many thanks to the Discovery Orchestra organizers for a wonderful afternoon."

The special is being made possible by support from the New Jersey State Council on the Arts, a partner agency of the National Endowment for the Arts, as well as Michael J. Johnston, the Kosloski Family Foundation, David & Ellen Williams, Elliot & MaryJeanette Dee, Bob & Cynthia Hamburger, the F.M. Kirby Foundation, Main Street Wealth Management, Bill & Pat O'Connor, Mr. & Mrs. Sterling L. Pierson, Dan & Gail Kopp and Rachel Weinberger & Ed McGann.

COMMUNITY EVENT WEEKLY CALENDAR SEPTEMBER 29- OCTOBER 3, 2022

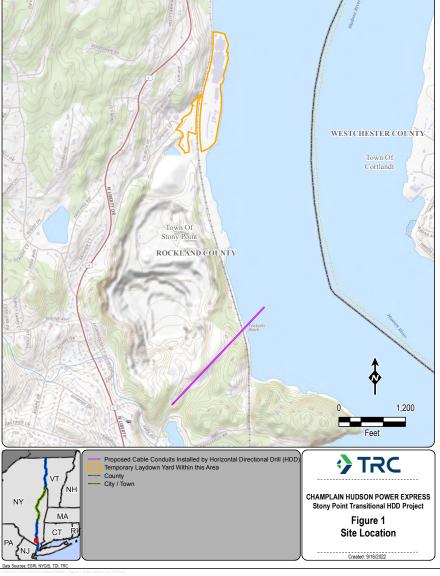

NOTICE OF SUBMISSION OF ENVIRONMENTAL MANAGEMENT AND CONSTRUCTION PLAN FOR CHAMPLAIN HUDSON POWER EXPRESS

On or about September 23, 2022, CHPE LLC and its wholly-owned subsidiary, CHPE Properties, Inc. (collectively referred to as "CHPE") intend to submit an Environmental Management & Construction Plan ("EM&CP") for the Stony Point Transitional Horizontal Directional Drill ("HDD") portion of the proposed Champlain Hudson Power Express ("CHPE") Project. The Stony Point Transitional HDD consists of a transitional horizontal directional drill in the Town of Stony Point, Rockland County, which will connect an overland segment of the CHPE line (Stony Point to Haverstraw Overland Segment 12) with the Lower Hudson River Marine Segment (Segment 20), and the installation of conduits in this location. This EM&CP also includes a temporary laydown yard at Tomkins Cove, also in the Town of Stony Point.

On April 18, 2013, the NYS Public Service Commission (Commission) issued to CHPE a certificate of environmental compatibility and public need (Certificate), pursuant to Article VII of the Public Service Law (PSL), to construct and operate the CHPE Project. The Certificate requires that, prior to construction of any portion of the Project, CHPE submit an EM&CP for review and comment.

Details of the planned work locations, including an overview map of the proposed route, is available on the Project website at: https://chpexpress.com/overview-of-public-documents/environmental-management-construction-plan/. In general, construction activities for this Segment are anticipated to commence in the winter of 2023. Where possible, construction will generally occur during daylight hours, though some HDD activities which require continuous operations would extend to later hours.

The EM&CP provides detailed information re garding how the Stony Point Transitional HDD will be constructed. The document describes and depicts the specific location of the Stony Point Transitional HDD, Construction Zone, and temporary work areas, as well as descriptions of work to be performed, plan and profile drawings depicting the Project, and protocols to be used during construction to protect the community and the environment,

and to comply with the CHPE Certificate. The EM&CP must be reviewed and approved by the PSC before construction on this Segment can begin.

The full Commission docket for the Project can be accessed via the Commission's website at: http:// documents.dps.ny.gov/public/ MatterManagement/CaseMaster. aspx?MatterCaseNo=10-T-0139 and electronic copies of EM&CP documents also will be available on the Project website at https://chpexpress. com/overview-of-public-documents/ environmental-management-construction-plan/. Paper copies of the EM&CP submission will be available for viewing at the following local document repositories: Rose Memorial Library Association, 79 East Main St., Stony Point, NY 10980; Tomkins Cove Public Library, 419 Liberty Drive North, Tomkins Cove, NY 10986.

Comments related to the proposed Stony Point Transitional HDD EM&CP should be submitted to the Commission Secretary by email at secretary@dps.ny.gov or by mail to Michelle Phillips, Secretary, NYS Public Service Commission, 3 Empire State Plaza, Albany, NY, 12223, within 30 days of the EM&CP segment's filing with the Commission. Notice of Submission of Stony Point Transitional HDD EM&CP For the Champlain Hudson Power Express Line

Dear Stakeholder/Record Interest Holder.

On or about September 23, 2022, CHPE LLC and its wholly-owned subsidiary, CHPE Properties, Inc. (collectively referred to as "CHPE") intend to submit an Environmental Management & Construction Plan ("EM&CP") for the Stony Point Transitional Horizontal Directional Drill ("HDD") portion of the proposed Champlain Hudson Power Express ("CHPE") Project. The Stony Point Transitional HDD consists of a transitional horizontal directional drill in the Town of Stony Point, Rockland County, which will connect an overland segment of the CHPE line (Stony Point to Haverstraw Overland Segment 12) with the Lower Hudson River Marine Segment (Segment 20), and the installation of conduits in this location. This EM&CP also includes a temporary laydown yard at Tomkins Cove, also in the Town of Stony Point.

The New York State Public Service Commission ("PSC") issued a Certificate of Environmental Compatibility and Public Need ("Certificate") to CHPE on April 18, 2013 to construct and operate the Project. Pursuant to that Certificate, CHPE is required to circulate notices to certain landowners, utility owners, municipalities and agencies near the proposed Stony Point Transitional HDD route location indicating that the Stony Point Transitional HDD EM&CP will be filed and providing links and contact information which stakeholders can use to obtain further information or to submit comments.

The EM&CP provides detailed information regarding how the Stony Point Transitional HDD will be constructed. The document describes and depicts the specific location of the Stony Point Transitional HDD, Construction Zone, and temporary work areas, as well as descriptions of work to be performed, plan and profile drawings depicting the Project, and protocols to be used during construction to protect the community and the environment, and to comply with the CHPE Certificate. The EM&CP must be reviewed and approved by the PSC before construction on this Segment can begin.

An overview map of the proposed route accompanies this notice. Further details of the planned work locations will be made available on the Project website at: https://chpexpress.com/overview-of-public-documents/environmental-management-construction-plan/. In general, construction activities for this Segment are anticipated to commence in the winter of 2023. Where possible, construction will generally occur during daylight hours, though some HDD activities which require continuous operations would extend to later hours.

Interest to be Acquired

You have been identified as a stakeholder or the holder of a record interest in property being utilized by CHPE for Stony Point Transitional HDD. Record interest holders own or hold an easement, lien, mortgage, or other recorded interest in land to be used on a temporary or permanent basis by CHPE for the construction or operation of the Facility. This notice is intended to provide notice that CHPE is acquiring an interest in lands associated with the Stony Point

Transitional HDD, in accordance with CHPE's Certificate. As noted above, the Stony Point Transitional HDD and related areas are depicted on the accompanying map.

Contact Information and Document Repositories

CHPE has established a toll-free number for questions regarding the Project: 1-800-991-CHPE (2473). Questions or requests for further information can be directed to publicoutreach@chpexpress.com or by mail to Molly Hollister, WSP USA, One Pennsylvania Plaza, New York, New York 10119.

The Stony Point Transitional HDD EM&CP documents will be available on the PSC's website

at http://documents.dps.ny.gov/public/MatterManagement/CaseMaster.aspx?MatterCaseNo=10-T-0139 and on the Project website https://chpexpress.com/overview-of-public-documents/environmental-management-construction-plan/ once they are filed.

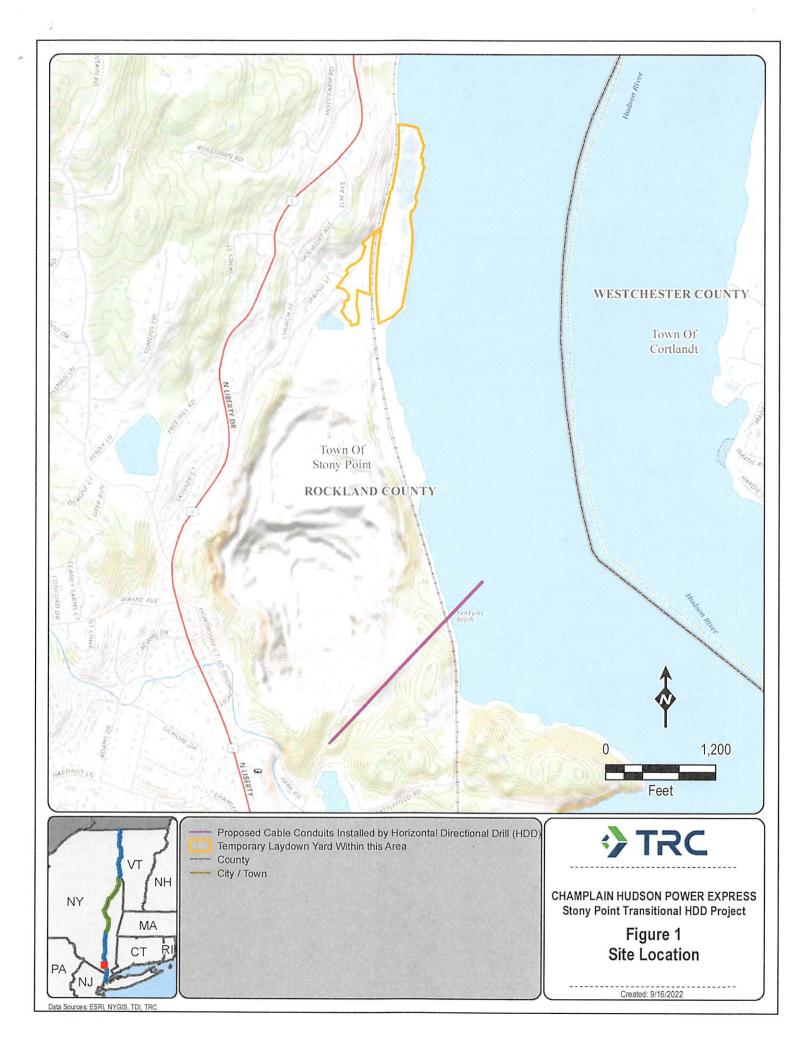

Paper copies of the EM&CP submission will be available for viewing at the following local document repositories: Rose Memorial Library Association, 79 East Main St., Stony Point, NY 10980; Tomkins Cove Public Library, 419 Liberty Drive North, Tomkins Cove, NY 10986.

Filing Comments

Any person wishing to be heard by the Commission on any matter related to the proposed EM&CP may file written comments with the Commission Secretary by email at secretary@dps.ny.gov or by mail to Michelle Phillips, Secretary, NYS Public Service Commission, 3 Empire State Plaza, Albany, NY, 12223, within 30 days of the EM&CP segment's filing with the Commission. All comments should reference Case Number 10-T-0139.
