## **NOTICE OF SUBMISSION OF ENVIRONMENTAL MANAGEMENT AND CONSTRUCTION PLAN FOR CHAMPLAIN HUDSON POWER EXPRESS**

Please take notice that, on or about April 28, 2023, CHPE LLC and CHPE Properties, Inc. (collectively referred to as “CHPE”) intend to submit Environmental Management & Construction Plans (“EM&CPs”) for Segment 12 of the proposed Champlain Hudson Power Express (“CHPE”) Project. This EM&CP includes installation of approximately 7.6 miles of buried electrical transmission line within the public road right-of-way (ROW) of Route 9W in the Towns of Stony Point, Haverstraw and Clarkstown, including the Villages of Haverstraw and West Haverstraw (Rockland County). Segment 12 connects the Stony Point Transitional HDD location leaving the Hudson River to the Congers Transitional HDD location re-entering the Hudson River and was designed on land to avoid impacts to protected aquatic habitat in Haverstraw Bay.

On April 18, 2013, the NYS Public Service Commission (Commission) issued to CHPE a certificate of environmental compatibility and public need (Certificate), pursuant to Article VII of the Public Service Law (PSL), to construct and operate the CHPE Project. The Certificate requires that, prior to construction of any portion of the Project, CHPE submit an EM&CP for review and comment.

Details of the planned work locations, including an overview map of the proposed route, is available on the Project website at: <https://chpexpress.com/overview-of-public-documents/environmental-management-construction-plan/>. Construction activities for this Segment are anticipated to commence in the summer of 2023. In general, construction within the Route 9W right-of-way will generally extend through the nighttime hours to minimize impacts to the traveling public, and to achieve completion of construction work as quickly as possible.

The EM&CP provides detailed information regarding how this Segment of the Project will be constructed, the specific locations of the proposed permanent right-of-way, Construction Zones, and temporary work areas, as well as descriptions of work to be performed, plan and profile drawings depicting the Project, and protocols to be used during construction to protect the community and the environment, and to comply with the CHPE Certificate. The EM&CP must be reviewed and approved by the PSC before construction on this Segment can begin.

The full Commission docket for the Project can be accessed via the Commission’s website at: <http://documents.dps.ny.gov/public/MatterManagement/CaseMaster.aspx?MatterCaseNo=10-T-0139> and electronic copies of EM&CP documents also will be available on the Project website at <https://chpexpress.com/overview-of-public-documents/environmental-management-construction-plan/>. Paper copies of the EM&CP submissions will be available for viewing at the following local document repositories: Rose Memorial Library Association, 79 East Main St., Stony Point, NY 10980; New City Library, 198 S. Main Street, New City, NY 10956.

Comments related to these proposed EM&CPs should be submitted to the Commission Secretary by email at [secretary@dps.ny.gov](mailto:secretary@dps.ny.gov) or by mail to Michelle Phillips, Secretary, NYS Public Service Commission, 3 Empire State Plaza, Albany, NY, 12223, within 30 days of the EM&CP segment’s filing with the Commission. All comments should reference Case Number 10-T-0139.

Questions or requests for further information can be directed to: [publicoutreach@chpexpress.com](mailto:publicoutreach@chpexpress.com) or by mail to Molly Hollister, WSP USA, One Pennsylvania Plaza, New York, New York 10119.
