## **NOTICE OF SUBMISSION OF ENVIRONMENTAL MANAGEMENT AND CONSTRUCTION PLAN FOR CHAMPLAIN HUDSON POWER EXPRESS**

Please take notice that, on October 2, 2023, CHPE LLC and CHPE Properties, Inc. (collectively referred to as “CHPE”) submitted an Environmental Management & Construction Plans (“EM&CPs”) for Segment 10 of the proposed Champlain Hudson Power Express (“CHPE”) Project. This EM&CP includes installation of approximately 20.9 miles of buried overland cable beginning in the Town of Bethlehem (Albany County) and ending in the Town of Catskill (Greene County), primarily along railroad rights-of-way.

On April 18, 2013, the NYS Public Service Commission (Commission) issued to CHPE a certificate of environmental compatibility and public need (Certificate), pursuant to Article VII of the Public Service Law (PSL), to construct and operate the CHPE Project. The Certificate requires that, prior to construction of any portion of the Project, CHPE submit an EM&CP for review and comment.

Details of the planned work locations, including an overview map of the proposed route, is available on the Project website at: <https://chpexpress.com/overview-of-public-documents/environmental-management-construction-plan/>. In general, construction activities for these Segments are anticipated to commence in late 2023. Where possible, construction will generally occur during daylight hours, though some limited activities would extend to later hours as needed.

The EM&CP provides detailed information regarding how these Segments of the Project will be constructed, the specific locations of the proposed permanent right-of-way, Construction Zones, and temporary work areas, as well as descriptions of work to be performed, plan and profile drawings depicting the Project, and protocols to be used during construction to protect the community and the environment, and to comply with the CHPE Certificate. The EM&CP must be reviewed and approved by the PSC before construction on these Segments can begin.

The full Commission docket for the Project can be accessed via the Commission’s website at: <http://documents.dps.ny.gov/public/MatterManagement/CaseMaster.aspx?MatterCaseNo=10-T-0139> and electronic copies of EM&CP documents also will be available on the Project website at <https://chpexpress.com/overview-of-public-documents/environmental-management-construction-plan/>. ### **Protections for Nearby Structures**

You have been identified as the owner of an existing structure located within 100 feet of locations where CHPE proposes to conduct trenching and/or horizontal directional drilling (HDD) activities. As such, CHPE will provide building foundation inspections before, during and after construction to identify and, if necessary, address potential impacts to such foundations from construction, if such inspections are desired. We are offering the opportunity to have pre-construction and post-construction inspections performed, including preparation of a report, to confirm that no adverse impacts to your foundation have been caused by these activities. If you would like to take advantage of this opportunity for an inspection, please utilize one of the following methods of communication by November 2, 2023: email
