

CHAMPLAIN HUDSON POWER EXPRESS

Champlain Hudson Power Express is an innovative energy transmission project that will bring **clean, renewable hydropower** from Québec to Queens, meeting 20% of the city's power needs and reducing greenhouse gas emissions by 3.9 million metric tons per year. CHPE will be fully buried and will not be visible once completed. We will notify you when construction will impact traffic and parking on some local streets.

COME TO A **CHPE OPEN HOUSE** TO LEARN MORE AND
ASK QUESTIONS ABOUT THE PROJECT.

Thursday March 28th and April 4th

6:00 pm to 8:00 pm

Variety Boys and Girls Club of Queens

23-12 30th Road, Astoria, NY 11102
